

Editor in Chief's Preface

The editors have pleasure offering this issue including variety of fields in mathematical sciences including, Rings and Modules Theory, Numerical Analysis, Sequences and Series, General Topology, Differential Equations, Differential Geometry and Computer Sciences. CJMS is continuously providing an outlet for high quality scholarly articles. I am grateful for all editors and reviewers collaborations. Hopefully, the editorial board of CJMS were successful reaching prescribed goals. We welcome Dr. Mehdi Rafie-Rad as new CJMS managing editor. I would like to thank all the current associate editors for their continuous support to CJMS.
